The Lamar High School Chapter of FFA is a not-for-profit organization affiliated with the State of Texas and National FFA programs. Students taking part in the Livestock and Horticulture Show do so as a project of the Agricultural Science and Horticulture classes offered at Lamar High School. This year, students are raising a variety of animals including steers, heifers, swine, goats, sheep, broilers, and rabbits. As part of their class projects, students learn to care for, feed and groom their animals for competitive shows. Horticulture students have developed a variety of projects that include mixed planters, Bonsai’s, epiphytes, plants from seed, plants from root cuttings and grafts and floral arrangements. THE FFA CREED

I believe in the future of agriculture, with a faith born not of words but of deeds—achievements won by the present and past generations of agriculturists; in the promise of better days through better ways, even as the better things we now enjoy have come to us from the struggles of former years.

I believe that to live and work on a good farm, or to be engaged in other agricultural pursuits, is pleasant as well as challenging; for I know the joys and discomforts of agricultural life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.

I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of progressive agriculturists to serve our own and the public interest in producing and marketing the product of our toil.

I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so—for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

I believe that American agriculture can and will hold true to the best traditions of our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.

The creed was written by E.M. Tiffany, and adopted at the 3rd National Convention of the FFA. It was revised at the 38th Convention and the 63rd Convention.
Thank you to all of our 2016 Buyers and Sponsors for your support in the 56th Annual Lamar FFA Show & Auction

Welcome to the 57th Annual Lamar FFA Livestock Show & Auction!

We are so thrilled to have you here to share this amazing, unique experience with our students! The Agriculture Department and the Lamar FFA sincerely thank you for your continuous support and interest in our program. We are proud to be the host of the oldest FFA Chapter and Livestock Show and Auction in Houston ISD.

Lamar students and active FFA members have been preparing for this moment all year long. Their hard work and effort have brought them this far. This year, the members have participated in various Leadership Development Events, Career Development Events, and have had various animal projects taken to major rodeos such as the Fort Worth, San Antonio, Austin, and Houston Livestock Shows. Students have been raising cattle, lambs, goats, pigs, rabbits, chickens, and horticulture projects. These events and projects have given our students the opportunities to exhibit their effort and determination. We have had one of the most successful group of FFA members and they continue to surprise us daily. It is with our utmost pride that we present you with our amazing students.

All of this would not be possible without the help of parents, volunteers, administrators, and Lamar staff. We would like to thank you all for everything you have done for this program and the opportunities you have provided our members with. As advisors, we are so blessed to be a part of such a great community of students, parents, administrators, and supporters of the Lamar FFA.

We hope the best to all of our students and wish our graduating seniors the best of luck in their future endeavors!

Sincerely,

The Lamar FFA Advisors
